

# STRAIGHTENING B&B GRAPE AND HYALURONIC

## *Method of use*

### **STEP 0 – Hair Diagnose**

- Keratin maximum straightening treatment
- Suitable for all types of hair from fine to very resistant
- Recommended for **straightening, moisturizing and removing frizz**
- Result: **maximum straight, repaired and smooth** hair

### **STEP 1 – Deep Cleansing Shampoo**

- Wash hair with the shampoo and leave on for **5 minutes** (exactly)
- Rinse with plenty of water
- Repeat this process 2 or 3 times minimum, until the hair is very clean and has an almost rough touch
- Remove dampness with a towel (Do not use a hairdryer)
- Tips for a perfect wash:
  - Do not rub hair roots too much
  - Massage the entire length of hair
  - Pay special attention to the back of the neck

### **STEP 2 –Keratin Straightening**

- **Vigorously shake** the treatment bottle (important)
- Use gloves, a bowl and a palette
- Put **30-50g** of the Step 2 in the bowl, depending on the length/thickness of the hair
- To achieve an extra straight result, add ampoule C and mix
- Apply the treatment with the pallet, grabbing fine locks of hair

- Start with the back of the neck at 1 cm of the root
- Use enough product to cover all the lock
- Run a fine comb to remove the excess
- Leave on between **15-30 min** depending on how straight you want the hair and the duration of the result you want to (4-6 months)
- **DO NOT RINSE,** detangle hair with a comb
- Dry **down aligning with hands** (no brushing required) with cold or warm air (**not hot**) until **hair is completely dried**  
*When you think it is fully dried, dried it even more: it must be fully dried*
- Prepare the straightener between 180-230° according to the hair:
  - Thin, bleached and damaged hair: **180°C**
  - Normal hair: **200°C**
  - Thick and resistant hair: **230°C**
- Make partitions and divide hair in fine locks in order to straighten it (the hair has to touch the straightener on the upper and the lower part)
- Start on the back of the neck and run **7-12 times** each lock according to the type of hair
- In very damaged ends, run less times

### **TIPS – Last Recommendations**

- It is possible to wash the same day with salt-free products (Sodium Chloride)
- For longer lasting results, use the **B&B** salt-free lines
